Since our beginnings we have expanded to 4 offices in Ontario, with over 130 employees dedicated to providing you with professional advice on your insurance needs.

We are a full service brokerage offering general insurance for houses, cars, businesses, group programs for professionals and first responders, as well as providing financial services including life insurance, employee benefit programs, disability insurance, pension plans and R.R.S.P's. We operate under several names in different areas of the Province and have provided a list of those names above.

As an insurance broker; we serve as an intermediary between you and the insurance companies which we represent. We help to place your insurance with an insurer that is reliable, best suited for your needs and provides a competitive price. In addition to solving problems which may arise and providing you with professional insurance advice, we are dedicated to obtaining fair treatment for you in the event of a claim.

In return for these services, we are paid a commission by the insurance company based on your premiums. These commissions vary from company to company and also on the type of policy that is being written.
